WILL WILLIAMS unites a young National Alliance couple from Maryland, T.B. and J.G., in solemn ceremony, witnessed by other Alliance members.

## Another Cosmotheist Wedding

Cosmotheism, the profound philosophy and religion founded by William Pierce, continues to build on its rites and traditions as we carry our efforts forward in the 21st century.

The Cosmotheist wedding ceremony uniting National Alliance Media Director Kevin Strom and his new bride Vanessa, our Correspondence Secretary, was featured in the April **BULLETIN**. Now, a little more than two months later, a second couple has exchanged Cosmotheist vows, sanctifying their marriage in a Cosmotheist ceremony held at our National Office in Laurel Bloomery, Tennessee. National Alliance Chairman William White Williams, who is also Trustee

of the Cosmotheist Church, officiated.

As we grow, we will perform and enjoy other ceremonies and expand the role of our church among our people.

Other churches and religions that are recognized, approved, and granted tax-exempt status by the government have far less legitimacy than our church — and in the hearts and the minds of the very best White men and women who have heard our truth and accepted it, none has our legitimacy.

All National Alliance members understand, or are striving to understand, the spiritual aspect of our organization. We realize that conservative, Christian-based political organizations lack this spiritual aspect because their beliefs are not grounded in reality, but in su-

perstitious worship of an imaginary, otherworldly Semitic god — their racial enemy's ancient tribal god, in fact.

Today more and more racially responsible Whites are looking for an alternative to the churches they were raised in, churches that now clearly work against the best interests of White people. As Christian beliefs lose their influence on the more rational and less gullible among our people, the National Alliance, with its Cosmotheist ideology and world view, is becoming that alternative, if gradually.

### Cosmotheist Books

Enemies of our Alliance have effectively shut down our ability to conduct commerce online by pressuring PayPal and other credit card processing services to deny those payment methods to Internet customers who try to purchase items from our online bookstore. People — mostly the relative few who receive this **BULLETIN** or who learn about our bookstore though *National Vanguard* or White Biocentrism — are still able to purchase books, CDs, and other material from us online using cryptocurrency, or by sending money orders or checks through the mail with their orders. We need our members and supporters to widely spread the fact that our online bookstore *is* up and working, and *is* able to process orders by the methods still available. Make the public aware that the treacherous Jew and his collaborators have de-platformed Cosmotheist Books at least 12 times since August, 2017 — the date of the abortive Charlottesville, Virginia, “Unite the Right” rally, immediately after which the Jews’ coordinated campaign to deny financial services to us and other pro-White

organizations was apparently launched. Spread this Web address, and make folks aware of our material, everywhere racially responsible Whites may be found: [cosmotheistchurch.org/shop](http://cosmotheistchurch.org/shop)

We will survive this blacklisting and prosper, but every member's help is needed.

Despite the censors, we keep expanding our selections of books and CDs. Although Dr. Pierce's history of the White race, *Who We Are*, is now out of stock and out of print until we have the wherewithal to publish it again, this month ten additional titles have been added to our inventory: *The Future of Man* by Robert Klark Graham; *War and the Breed* (hardback) by David Starr Jordan; *White Man, Think Again!* by Anthony Jacob; *Imperium* by Francis Parker Yockey; *Jewish History — Jewish Religion* by Israel Shahak; *The Predators' Ball* by Connie Bruck; *Race, Evolution, and Behavior* by J. Phillippe Rushton; *Hear the Cradle Song* by O.T. Gunnarsson. We are also now offering two children's classics: Jack London's *South Sea Tales* and *The Hardy Boys — The Tower Treasure* by Franklin W. Dixon.

The brand new William Pierce audio CD, *The Power of Truth, Volume 8*, that was announced in the May **BULLETIN** is in stock and pre-orders for it can now be filled. Please remind us if you have already pre-ordered and paid for this CD. The following 20 titles are on this disc, bringing the the total number of Dr. Pierce's talks available now in this series to 160:

1. America's Real Enemies
2. Bad News and Good News
3. Exposing the Warmongers

## We Believe:

- That the future is what we make it
- That we have a responsibility for the racial quality of the coming generations of our people
- That no multi-racial society is a healthy society
- That if the White race is to survive, we must unite our people on the basis of common blood, organize them within a progressive social order, and inspire them with a common set of ideals
- That the time to begin is now

### **New National Alliance Business Cards**

We exhausted our inventory of the two-sided National Alliance business cards that had our old Box 172 address on them — and we now have the new ones, with the correct Box 4 address, in stock and available for purchase. We still receive mail at both addresses but plan to close out the old one in good time — so use those old cards now instead of later, and lay in a supply of the new. Placing these cards where our people can find them is something all of us can do almost every day.

Purchase these primary items for introducing people to our Alliance here:

<https://natall.com/about/national-alliance-business-cards/>

or simply order by writing to our Mountain City address. The prices \$7 for 100 cards, \$30 for 500 cards (postage included).

### **Poster Activism**

From our correspondent Zack on [whitebiocentrism.com](http://whitebiocentrism.com):

Alliance activists printed out some National Alliance fliers [from here: [natall.com/fliers](http://natall.com/fliers)] and used wheat paste (a solution consisting of wheat, sugar,

and water) to prevent antifa and other anti-Whites from taking them down. They then uploaded a [quite stirring!] video of their efforts, visible here: [natall.com/posterdrop](http://natall.com/posterdrop)

A good lesson for any pro-White activist (which should be every Alliance member and supporter) to learn from this is the usage of wheat paste. I have only ever seen antifa and Communists use it for their fliers, and they use it for good reason — posters affixed with wheat paste are nearly impossible to remove when applied properly.

It is inspiring to see Alliance supporters posting their activism on other parts of the Internet. I am glad to support the National Alliance. No other pro-White organization has the spiritual and practical focus beyond mere survival, for us as a race and as a people to flourish and thrive in the generations to come.

### *Chairman Williams responds:*

Thanks, Zack, for your support and for the helpful report. Activists should be careful using this method so as not be detected and harassed by the easily offended, especially considering the nearly ubiquitous video surveillance cameras that surround us these days. The “buddy system,” with at least two people, is recommended when placing posters like this. Also be careful when deciding where these are to be posted. It is a crime in the US, for example, to place them on mail boxes. The video is a nice touch, showing the consistency of the homemade wheat paste recipe; giving us examples of where these fliers were posted, and how “antis” tried to remove them and failed.

### **Nationalist Solutions Conference**

A dozen or so National Alliance members, supporters, and friends attended the Nationalist Solutions gathering in Montgomery Bell State Park near Nashville, Tennessee, on 28-30 June, and mixed with a couple of hundred other racial nationalists in a well organized, peaceful get-together. Five other Alliance

members who had originally planned to attend had to cancel for various reasons. It was a pleasure for Chairman Williams and Lana Williams to get to meet some of our members for the first time, and for all of us to meet and trade notes with the featured speakers and leaders and members of other pro-White organizations. Several attendees said they would join or rejoin our Alliance. Over \$400 was brought in from book sales and donations at our Alliance table (pictured) and a good bit of our material was distributed among the guests. Our 5-by-10-foot ban-

ner with the radical slogan *Send them back; they can't make White babies* was displayed on the wall behind our table Saturday after lunch, and on Sunday, and was a big hit — photographed by many in the crowd. Some attendees told us “It’s about time someone states the real reason to oppose the non-White invasion.”

### Correspondence

Yes, Will, please [count me as a supporter and] mail me your **BULLETIN**. I’m glad to help our people’s desperate cause, and also In Memoriam to our post-WWII heroes and martyrs: George Lincoln Rockwell, Revilo Oliver, and William Pierce.

I think they were, and your Web site is, amongst the very few to nail the JP [Jewish problem] at the metaphysical level and also the philosophic aims of National Socialism and Adolf Hitler. It is quite depressing to find those who have a deep grasp of the JP still repeat the tired and moronic canards about NS Germany and Hitler. Most often they still have the Christ virus embedded in them. All this you already know. Thanks again for all your efforts, — C.P., Australia via email

*Chairman Williams responds:* Though C.P. did not fill out and send a membership or supporter application, I felt that the letter and very generous donation he mailed to us warranted his receiving the monthly **BULLETIN**, if he wished to receive it. So the offer was made and he accepted. Attracting large donations makes up for our reduced revenue stream caused by deplatforming and not yet having nearly enough members to fund our efforts. One gift of \$1,000 equals the minimum pledges of 50 members and supporters. I'll always remember that during the Alliance's fast growth in the 1990s, when minimum dues were just \$10 per month, a member of means from North Carolina had increased his dues from \$50 per month to \$2,000 per month — the equivalent of 200 members' minimum monthly dues! That was when our Alliance took off to reach a new plateau and began attracting other kinsmen of means. Everybody loves a winner!

Dear National Alliance: Thanks for the fast response to my email. I want two copies of the new third edition of the *Turner Diaries* book, 30 copies of the *Building a New White World* booklet and 500 Alliance business cards. As a side note, I love Dr. Pierce's *American Dissident Voices* radio programs on CD. Can't wait for number eight. Thanks again. — N.D., Massachusetts

Hey Will/Lana, We want to move [to the National Office] so bad you have no idea. We have wanted to move out of Massachusetts, and this move is a blessing of a reason to. But there's a

couple questions that we have [not included here — Ed.]. We would do anything and everything — trust me/us — for the Alliance. I have never seen my husband so intrigued at all for anything until he found the National Alliance. When I met him all he talked about was becoming a member. We finally printed out the application and now of course he's a member. We pass out fliers and I tack cards everywhere I can... Get back to me as soon as you can, Will. Sincerely, — B.W., Massachusetts

*Chairman Williams responds:* Your visit here to the National Office with your husband and son was such a pleasurable experience for Lana and me, and we are excited to have you relocate to be on staff and help with the workload. I've edited personal stuff out of your correspondence but wanted to share some of your enthusiasm for the Alliance with other members. You will not regret your decision, B.W.; You will find new purpose in your lives, working full time for our people.

Chairman Williams: First of all, the National Alliance is the only group of people in the USA that makes any sense to me. With my wife it is another story. She is well educated with advanced college degrees, but reads only fiction, and, along with far too many other people, is in La-La Land; so I have to work around her. I'm too old to try to change her... As I told you in our phone call, her uncle was a big-time Navy Admiral, an heroic, decorated Lieutenant at Pearl Harbor when the Japs came calling. He told me, "Of course Rosenfink knew the Nips were on the way. He says Captain Strunk says it better and more concisely than anyone. [See: "Pearl Harbor Was an Inside Job" at whitebiocentrism.com]. Enclosed for the WLP library is my friend Stan Vaughn's great book, *Abraham Lincoln, America's Communist Revolution*. Keep doing your good work! — W.M., Mississippi

P.S. After years of study and observation I've developed a hypothesis that enterprises beginning with the letter "M" are controlled in one way or another by Jews: money, movies, music, mass media, military, manufacturing, medicine, mulattos...

*Chairman Williams responds:* That is an interesting observation, W.M. Let's

not forget Mestizos. Thank you for Mr. Vaughn's book. I've written to him and plan to send his book and another, *Red Republicans and Lincoln's Marxists*, by A. Benson and W.B. Kennedy, to Hadding Scott who has specialized in researching and writing about this subject. He will return these volumes to our research library when he has finished with them.

Good evening all at NA! For one reason or another, I'm likely going to be leaving my current employer soon. This is good, because I would like to be more of an active Alliance member, with additional responsibilities if possible. I'm not overly concerned now regarding my finances being monitored so I will start with the dues again (are you having difficulties cashing out bitcoin?). The part of me that wants to play it safe and try to keep going for a law enforcement career is shrinking more and more every day — potentially heading an Alliance Local Unit sounds more and more appealing than being a cog for JOG. On that note... time to do some more activism tonight! Hail Victory! — G.M., Kentucky

Dear Chairman: Although not perfect, the

National Alliance is as close to perfection — in the context of Caucasian advancement — that can be found. You have done a mighty job saving it from the Christian yoke, Captain Williams, and you have my uncompromising support in that endeavor. In that regard, the Alliance has my unconditional support — even if elements of cultism find their way in... — W.H., South Carolina

*Chairman Williams responds:* Don't worry, W.H. Intense devotion to our cause as you express does not a cult make, nor does it make you a cultist. Such devotion is required by White loyalists if we are to succeed. "Cult" is another negative buzz term, like "hater," projected onto us by our detractors, often Christian cultists themselves, to mischaracterize us. Their cheap slurs have negligible effect on an ardent Cosmotheist devotee. By the way, my DOR (Date of Rank) as an Infantry Captain was 50 years ago this month — 8 June, 1969 — but if you want to call me Cap'n, instead of Chairman, that's OK.

*Commentary by Chairman William White Williams*

## Our New Consciousness

It dawned on me while attending the Nationalist Solutions Conference this month, listening to one speaker after another telling the gathered how we must pray to God, trust in God, read and trust our Bibles, and such, just how desperately the tired, "conservative" Christian patriot movement needs the National Alliance and our *new consciousness*. Not all the speakers spoke in that vein, but many did. It was saddening to a strict biological race-thinker like myself to see and hear otherwise-aware White loyalists still worshipping the Jew's tribal god. As Polydoros of Sparta said almost 3,000 years ago: "If you worship your enemy, you

are defeated. If you adopt your enemy's religion you are enslaved. If you breed with your enemy you are destroyed."

As this **BULLETIN** went to press in July, Alliance supporter B.H. of Pennsylvania sent a generous \$300 donation along with three nice 3-by-5-foot Tyr Rune flags of the Nordic Resistance Movement. He asked if I was able to attend the Nationalist Solutions Conference, and, if so, was I able to discern an actual leader of one of the co-sponsors, the American Freedom Party. I met Rick Tyler, the organizer of the conference, and who is the AFP's candidate for US president. I would say Mr. Tyler, whose campaign slogan is

NATIONAL ALLIANCE bumper sticker from 1974: The year before, Dr. Pierce had filed a class action lawsuit demanding the US cease providing weapons to Israel for its wars against her neighbors, and recovery of all equipment already delivered to Israel.

“Make America White Again,” is the *de facto* leader of AFP. He has no delusions of winning the presidency as his party has little ballot access and even less funding, but he will use his campaign to raise White awareness and encourage White resistance. Rick is a devout Christian, as is his base, and as is the Council of Conservative Citizens, the other co-sponsor of the conference. In fact, that group has in their mission statement: “CoCC is a Christian organization, based on Christian principles.” I was active with the CoCC in North Carolina in the mid-1980s before I became aware of Dr. Pierce and the National Alliance and was even named their Executive Director for North Carolina. I met many good activists, both regionally and nationally during that period, and I evolved. I was not a Christian, though like William Pierce I was raised Presbyterian, and as an adult never believed in Christian principles, whatever those are (Love thy enemies? Turn the other cheek?). Nevertheless, I found it worthwhile to attend the conference in Tennessee and attempt to introduce attendees to the more substantial and fundamental ideas

of the National Alliance. Our delegation was well-received — and, I believe, recognized by a growing number as the one authoritative alternative to Christian conservatism — a new consciousness to supplant the old.

### Alliance for Peace

The National Alliance has been anti-war, seeking peace among nations since its inception, especially opposing disastrous “brothers’ wars,” or fratricidal wars among White nations, and also opposing wars in which our people fight and die to advance the interests of Jews in the Middle East or elsewhere.

The International Congress of Peace Forces invited the National Alliance to participate in its second annual Congress at the Russian State Duma in Moscow on 2 July. We did not have the means to attend this gathering, but along with our regrets sent a speech that we would have delivered had we been able to attend. It is an excellent speech, espousing racial nationalism and comity between the American people and the peoples of Russia, Europe, and around the world. Everyone is encouraged to read this important speech online, here:

<https://nationalvanguard.org/2019/07/peace-forces/>

This annual Congress is sponsored by the Liberal Democratic Party of Russia, and although our Alliance is neither liberal nor democratic, nor a party, we are honored to be among those that were invited to speak at this significant event that seeks a peaceful world order. Perhaps next year the National Alliance can send a delegate to represent our people. **W. W. W.**
